## ABOUT IHRD

The Institute of Human Resources Development (IHRD) is an autonomous educational institution established by the Government of Kerala in 1987. It operates under the Travancore-Cochin Literary, Scientific, and Charitable Societies Registration Act, 1955. The management is vested in by a Governing Body with the State Higher Education Minister as its ex-officio Chairman and Chief Secretary as its ex-officio Vice Chairman.

IHRD focuses on scientific advancement, technological progress, and economic growth through skill development and education. It oversees 87 institutions, including 9 engineering colleges, 8 model polytechnic colleges, 45 colleges of applied science, 2 regional centres, 2 model finishing schools, 6 extension centres and 15 technical higher secondary schools. These institutions provide quality education in engineering, technology, and applied sciences. IHRD collaborates with the State universities to enhance technical education and professional development. Adhering to the principle of "Think Globally and Act Locally", IHRD plays a trendsetting role in the arena of higher education.

## ABOUT COLLABORATING INSTITUTIONS

The unique convergence of eight esteemed Colleges of Applied Sciences of IHRD under University of Kerala, each bringing its own expertise, perspectives, and resources to organize this collaborative workshop exemplifies the spirit of unity and shared purpose in the pursuit of academic excellence and professional development. These colleges provide undergraduate and postgraduate courses designed to meet academic and professional standards. By fostering a multi-disciplinary approach, these institutions cater to a wide range of career aspirations while maintaining academic excellence. They play a vital role in bringing laurels to the IHRD.

## ABOUT COLLEGE OF APPLIED SCIENCE, PERISSERY

The College of Applied Science Perissery, established in 2015, is affiliated with the University of Kerala and managed by IHRD. It offers quality education in emerging disciplines like IT, Commerce and Literature. The college provides undergraduate programmes in Computer Science, Computer Application, English Language & Literature, and Commerce with Business Information Systems, along with postgraduate course such as M.Com (Finance). It emphasizes curricular and extracurricular excellence. It also offers employability skills through placement programmes and skill development initiatives, short-term courses conducted by IHRD. It equips its students to get placed in global workplaces with invaluable career exposure. Additionally, the college supports skill enhancement through programs like PMKVY (Pradhan Mantri Kaushal Vikas Yojana) and NIELIT (National Institute of Electronics and Information Technology), which focus on practical

training in electronics, IT, and software development. These initiatives, combined with internships through the Youth Innovators Programme (YIP), equip students with both technical skills and real-world experience, significantly boosting their chances of securing successful

## ABOUT THE WORKSHOP

Research methodology is the backbone of any research endeavour. With the increasing emphasis on research and innovation, it is essential to equip researchers with the latest tools, techniques, and methodologies. This national workshop aims to provide a platform for researchers, academicians, and students to learn, share, and discuss emerging trends and innovations in research methodology and to write quality research papers.

We are delighted to organize the National Workshop on "Research Methodology for Authors - A Bird's Eye View" on 01<sup>st</sup> and 02<sup>nd</sup>, March 2025. This institution has dedicated to teach and train those interested in research and assist them to gain recent knowledge on research and advancement in research. The workshop provides structured programmes for formulating research questions and setting up research designs. Participation in the workshop is expected to enhance the research culture among academicians and research scholars, as well as orient them towards research methodology and inferential statistics.
